Mauricio Angée is a seasoned Certified Information Systems Security Professional (CISSP) with over 30 years of experience in healthcare, banking and financial services, hospitality, entertainment, and the government sector, and a strong background in cybersecurity, information assurance, privacy, regulatory compliance, and risk management.

Mauricio currently serves as Chief Information Security Officer (CISO) at GenesisCare US, where he is responsible for setting the roadmap and strategy for the protection of information assets and patient information. Prior to joining GenesisCare, he served as Chief Information Security Officer (CISO) at Mount Sinai Medical Center, and Vice President of Information Security at Amerant Bank. Mauricio also served as Sr. Manager of security and compliance and acting CISO at Universal Orlando Parks and Resorts (AKA Universal Studios Florida). Mauricio also served as an Information Systems Security Officer (ISSO) at Harris Corporation supporting the Federal Aviation Administration (FAA) Telecommunications Infrastructure (FTI), and the US Census Bureau. In his ISSO role, he successfully coordinated the security certification and accreditation activities, and developed the incident response capabilities. Mauricio also served as the Computer Security Official (CSO) at the National Aeronautics and Space Administration (NASA) at the Kennedy Space Center, FL., where he supported the Kennedy Integrated Communications Services (KICS) contract.

Mauricio is one of the most influential cybersecurity professionals in his field. With his leadership skills and extensive experience, he has made significant contributions to the cybersecurity community. Mauricio is the past president of the Infragard South Florida Alliance, and currently serves as an advisor to the board. He was nominated for the CISO of the Year Award by the EC Council in 2013 and was recognized by the FBI for Exceptional Service in the Public Interest.

Mauricio is currently pursuing his Doctorate degree of Business Administration with concentration in cybersecurity at St. Thomas University. He received his MS degree in computer and information science with concentration in Information Security from Nova Southeastern University, and a BS in Information Studies at FSU. He is currently an adjunct professor at Florida International University and St. Thomas University.
